

Hello from AKASA!

We are the preeminent provider of generative AI solutions for the healthcare revenue cycle.

About

America offers some of the best healthcare in the world. Yet, our healthcare system is challenged by high administrative costs that burden patients, providers, and payers with unnecessary expenses. The four AKASA founders came together to address those challenges.

Our approach uses advanced generative AI (GenAI) technology to improve some of the most pressing financial pain points in the revenue cycle. We're one of the first companies in healthcare to deploy GenAI for practical use cases within healthcare. That gives health systems the ability to focus on what really matters: helping patients. This is the foundation of AKASA.

We have been impressed with the AKASA team's expertise. They were able to deploy quickly, and we've seen the system adjust to process changes in real time. We've also had significant improvements in our operations.

Working at AKASA

At AKASA, our mission is to build the future of healthcare with AI. To help us achieve that goal, we aim to attract the best talent. We are a hybrid organization with hubs of AKASAns in the Bay Area, NYC, and Denver (to name a few) and support co-working days within these areas.

OUR VALUES

This is what defines the core beliefs and behaviors of an AKASAn.

Empower Health Systems

We are relentlessly focused on enabling health systems to transform their operations.

Innovate for Impact

Our mission is audacious. We only succeed by finding the best solution and focusing on what matters.

Win or Learn, Quickly

To truly transform healthcare, we must act quickly and constantly evolve.

In This Together

We know great work isn't done alone. Nothing is someone else's problem.

BENEFITS AT AKASA

Our benefits and perks package was designed to support our team at home, in the office, and everywhere in between. We offer competitive and supportive benefits, including:

- Unlimited paid time off (PTO)
- Robust healthcare plans, including 100% free options
- Employer contribution to healthcare spending accounts
- Mental health support
- Free One Medical membership
- Generous parental leave policy
- Company-sponsored 401k plan
- In-person company-wide get-togethers
